# SMBI.COMMUNITY

## COMMUNITY

There are many community organisations operating across SMBI and the easiest way to find them is to go to <https://SMBI.Community/Community-Organisations> and from there to the online presence for each organisation.

## INFORMATION

The website has information on many services that are available to SMBI, including information on the [SMBI Community Hubs](#), [SMBI Neighbourhood eWatch](#), [Health and Support Services](#), [JP Services](#), [Government Resources](#), [Transport](#), [Emergency Services](#), [Disaster Preparedness](#) and more.

## EVENTS

Many community organisations run events across SMBI and to make it easy to see what's happening the [SMBI Community Events Calendar](#) lists a great many of these events in the one place. Nice!

## WILDLIFE

Information on wildlife found on SMBI, as well as the Licensed wildlife carers and nearby wildlife care organisations and a way to report any wildlife incidents can be found on the [SMBI Wildlife](#) page.

There is also some information on [Pets and Ticks](#).
